Gentlemen:

In connection with Letter Contract No. W-44-153 eng-7 dated 28 May 1945, please be advised that code symbols will be used therein in place of the name or formulae of the specific materials. The codes for these symbols are as follows:

unit - 2 tons

- W - High grade pitchblende ore containing approximately 65% U_3O_8 .
- A - Black uranium oxide (U_3O_8).
- B - Uranium dioxide (UO_2) of a purity suitable for direct use in subsequent uranium metal production.

Bills and/or invoices submitted by you in connection with this Letter Contract shall have the code symbols as set forth above. Markings of shipping containers shall be limited solely to company labels and labels using said code symbols.

It is understood that disclosure of information contained in this Letter Contract or in the contract relating to the work contracted for hereunder to any person not entitled to receive it, or failure to safeguard all secret, confidential and restricted matter that may come to the Contractor or any person under his control in connection with the work under this contract, may subject the Contractor, his agents, employees and subcontractors to criminal liability under the laws of the United States. See Title 1 of an Act approved June 15, 1917 (40 Stat. 217; 50 U.S.C. 31-42), as amended by an Act approved March 28, 1940 (54 Stat. 79); and the provisions of an Act approved January 12, 1938 (52 Stat. 3; 50 U.S.C. 45-45d), as supplemented by Executive Order No. 8381, dated March 22, 1940, 5 F. R. 1147.
